

Table of Contents

Volume 1 of 3: FEIS

Foreword	F-1
Executive Summary	S-1
1: Project Description	1-1
A. Identification of the Proposed Project.....	1-1
B. Project Purpose and Need	1-2
Purpose of the Proposed Project	1-2
C. Project Planning.....	1-4
Development History	1-4
Planning Context.....	1-5
Needs and Opportunities	1-13
D. Description of Proposed Project	1-15
Introduction.....	1-15
Existing Conditions on the Project Site	1-16
Proposed Project Components	1-18
Proposed Design	1-25
E. Construction Schedule	1-33
2: Procedural and Analytical Framework	2-1
A. Introduction.....	2-1
B. Required Approvals	2-1
Other Approvals.....	2-2
C. Environmental Review Process	2-2
Process Overview.....	2-3
Coordination with Other Review Processes.....	2-5
D. Framework for Environmental Analysis.....	2-5
Scope of Environmental Analysis.....	2-5
Analysis Years	2-5
Definition of Study Areas	2-7
Defining Baseline Conditions	2-7
Defining the Project for Environmental Analysis.....	2-8
Analysis Framework for the Environmental Review.....	2-10
Analyses not Included.....	2-12
Mitigation.....	2-12
Alternatives	2-12
3: Land Use, Zoning, and Public Policy	3-1
A. Introduction.....	3-1

Atlantic Yards Arena and Redevelopment Project EIS

- Principal Conclusions 3-1
- B. Methodology 3-3
- C. Development History 3-4
 - Historical Growth/Regional Perspective 3-4
 - Study Area—Late 19th Century to 1960s 3-5
 - Study Area—1960s to Present..... 3-6
- D. Existing Conditions 3-7
 - Land Use..... 3-7
 - Zoning..... 3-20
 - Public Policy..... 3-27
- E. Future Without the Proposed Project—2010 3-31
 - Land Use..... 3-31
 - Zoning and Public Policy 3-33
- F. Probable Impacts of the Proposed Project—2010..... 3-33
 - Land Use..... 3-34
 - Zoning and Public Policy 3-39
- G. Future Without the Proposed Project—2016 3-44
 - Land Use..... 3-44
 - Zoning and Public Policy 3-45
- H. Probable Impacts of the Proposed Project—2016..... 3-46
 - Land Use..... 3-46
 - Zoning and Public Policy 3-49
- 4: Socioeconomic Conditions 4-1**
 - A. Introduction and Analysis Framework 4-1
 - B. Principal Conclusions 4-2
 - C. Methodology 4-6
 - Study Areas 4-6
 - Data Sources 4-6
 - D. Preliminary Assessment 4-7
 - Direct Residential Displacement 4-7
 - Direct Business Displacement 4-12
 - Indirect Residential Displacement 4-17
 - Indirect Business and Institutional Displacement..... 4-21
 - Adverse Effects on Specific Industry 4-26
 - E. Detailed Analysis: Indirect Residential Displacement 4-27
 - Existing Conditions 4-28
 - Future Without the Proposed Project..... 4-47
 - Probable Impacts of the Proposed Project 4-49
 - F. Detailed Analysis of Indirect Business and Institutional Displacement..... 4-60
 - Existing Conditions 4-60
 - Future Without the Proposed Project..... 4-70
 - Probable Impacts of the Proposed Project 4-71
 - G. Economic Benefits of Proposed Project 4-85
 - Overview 4-85
 - Phase I Construction Period Economic Benefits: Residential Mixed-Use Variation 4-86
 - Phase I Construction Period Economic Benefits: Commercial Mixed-Use Variation ... 4-91
 - Phase I Annual Operating Benefits: Residential Mixed-Use Variation 4-95
 - Phase I Annual Operating Benefits: Commercial Mixed-Use Variation..... 4-98

Phase II Construction Period Benefits	4-101
Phase II Annual Operating Benefits.....	4-105
Cumulative Construction Period Benefits: Residential Mixed-Use Variation.....	4-109
Cumulative Construction Period Benefits: Commercial Mixed-Use Variation.....	4-111
Cumulative Annual Operating Benefits: Residential Mixed-Use Variation	4-114
Cumulative Annual Operating Benefits: Commercial Mixed-Use Variation	4-118
Public Financing for Proposed Project.....	4-121
5: Community Facilities	5-1
A. Introduction.....	5-1
Principal Conclusions.....	5-2
B. Methodology	5-4
C. Police Protection	5-4
Existing Conditions.....	5-5
Future Without the Proposed Project—2010	5-6
Probable Impacts of the Proposed Project—2010.....	5-6
Future Without the Proposed Project—2016	5-8
Probable Impacts of the Proposed Project—2016.....	5-8
D. Fire Protection and Emergency Services	5-9
Existing Conditions.....	5-9
Future Without the Proposed Project—2010	5-10
Probable Impacts of the Proposed Project—2010.....	5-10
Future Without the Proposed Project—2016	5-12
Probable Impacts of the Proposed Project—2016.....	5-12
E. Public Schools.....	5-12
Existing Conditions.....	5-13
Future Without the Proposed Project—2010	5-16
Probable Impacts of the Proposed Project—2010.....	5-20
Future Without the Proposed Project—2016	5-22
Probable Impacts of the Proposed Project—2016.....	5-25
Conclusion	5-23
F. Libraries	5-27
Existing Conditions.....	5-27
Future Without the Proposed Project—2010	5-27
Probable Impacts of the Proposed Project—2010.....	5-28
Future Without the Proposed Project—2016	5-28
Probable Impacts of the Proposed Project—2016.....	5-29
G. Hospitals and Health Care Facilities.....	5-29
Existing Conditions.....	5-29
Future Without the Proposed Project—2010	5-31
Probable Impacts of the Proposed Project—2010.....	5-31
Future Without the Proposed Project—2016	5-33
Probable Impacts of the Proposed Project—2016.....	5-33
H. Day Care Centers (Publicly Funded)	5-34
Existing Conditions.....	5-34
Future Without the Proposed Project—2010	5-35
Probable impacts of the Proposed Project—2010.....	5-35
Future Without the Proposed Project—2016	5-37
Probable impacts of the Proposed Project—2016.....	5-37

I. Other Community Facilities	5-38
6: Open Space and Recreational Facilities.....	6-1
A. Introduction	6-1
Principal Conclusions	6-2
B. Methodology	6-3
Study Areas	6-3
Study Area Populations	6-3
Inventory of Study Area Open Spaces.....	6-3
Adequacy of open spaces	6-4
C. Existing Conditions	6-5
Study Area Population.....	6-5
Age of Open Space User Population	6-6
Study Area Open Spaces	6-7
Adequacy of Open Spaces	6-12
D. Future Without the Proposed Project—2010	6-14
Study Area Population.....	6-14
Study Area Open Spaces	6-15
Adequacy of Open Spaces.....	6-15
E. Probable Impacts of the Proposed Project—2010.....	6-16
Study Area Population.....	6-16
Study Area Open Spaces	6-17
Adequacy of Open Spaces	6-18
Impact Significance	6-19
F. Future Without the Proposed Project—2016	6-21
Study Area Population.....	6-21
Study Area Open Spaces	6-21
Adequacy of Open Spaces.....	6-21
G. Probable Impacts of the Proposed Project—2016.....	6-23
Study Area Population.....	6-24
Study Area Open Spaces	6-25
Adequacy of Open Spaces	6-27
Impact Significance	6-28
7: Cultural Resources.....	7-1
A. Introduction	7-1
Principal Conclusions	7-1
B. Methodology	7-3
Archaeological Resources	7-3
Historic Resources	7-4
C. Historical Overview	7-6
Brooklyn’s Early History.....	7-6
Mid-19th Century Development.....	7-6
Late 19th/Early 20th Century Transportation Improvements.....	7-7
Continued 20th Century Development	7-8
D. Existing Conditions	7-9
Project Site.....	7-9
Study Area	7-12
E. Future Without the Proposed Project—2010	7-25

Project Site	7-25
Study Area.....	7-25
F. Probable Impacts of the Proposed Project—2010	7-27
Project Site	7-27
Study Area.....	7-34
G. Future Without the Proposed Project—2016.....	7-40
Project Site	7-40
Study Area.....	7-40
H. Probable Impacts of the Proposed Project—2016	7-41
Project Site	7-41
Study Area.....	7-41
8: Urban Design and Visual Resources	8-1
A. Introduction.....	8-1
Principal Conclusions.....	8-1
B. Methodology.....	8-6
C. Existing Conditions.....	8-7
Project Site	8-7
Study Area.....	8-13
D. Future Without the Proposed Project—2010	8-25
Project Site	8-25
Study Area.....	8-25
Nighttime Lighting and Signage	8-25
E. Probable Impacts of the Proposed Project—2010	8-25
Project Site	8-26
Study Area.....	8-30
F. Future Without the Proposed Project—2016.....	8-34
Project Site	8-34
Study Area.....	8-35
Nighttime Lighting and Signage	8-35
G. Probable Impacts of the Proposed Project—2016	8-35
Project Site	8-36
Study Area.....	8-39
Summary	8-42
9: Shadows	9-1
A. Introduction.....	9-1
Principal Conclusions.....	9-2
B. Methodology.....	9-3
C. Shadow Screening.....	9-4
Open Spaces	9-4
Historic Resources	9-5
D. Resources of Concern for Further Analysis.....	9-6
Open Spaces	9-6
Historic Resources	9-9
E. Assessment of Shadow Impacts.....	9-10
Phase I—2010.....	9-10
Phase II—2016.....	9-14
F. Shadow Effects by Resource	9-17

10: Hazardous Materials.....	10-1
A. Introduction	10-1
Principal Conclusions	10-1
B. Methodology	10-2
Phase 1 Environmental Site Assessment (ESA).....	10-2
Phase 2 Environmental Site Assessment	10-4
C. Existing Conditions	10-5
Topography, Geology, and Groundwater	10-5
Site History and Current Conditions.....	10-5
D. Future Without the Proposed Project	10-14
E. Probable Impacts of the Proposed Project—2010.....	10-14
F. Site Remediation	10-15
Conclusions	10-20
G. Probable Impacts of the Proposed Project—2016.....	10-20
11: Infrastructure	11-1
A. Introduction	11-1
Principal Conclusions	11-1
B. Methodology	11-3
Sustainable Design Features Related to Infrastructure	11-4
C. Existing Conditions	11-4
Water Supply	11-4
Sanitary Wastewater	11-6
Stormwater	11-10
Solid waste.....	11-12
Energy.....	11-14
D. Future Without the Proposed Project—2010	11-16
Water Supply	11-16
Sanitary Wastewater	11-17
Stormwater	11-18
Solid Waste.....	11-18
Energy.....	11-18
E. Probable Impacts of the Proposed Project—2010.....	11-18
Water Supply	11-18
Sanitary Wastewater and Stormwater.....	11-20
Solid Waste.....	11-25
Energy.....	11-26
F. Future Without the Proposed Project—2016	11-27
Water Supply	11-27
Sanitary Wastewater	11-28
Stormwater	11-28
Solid waste.....	11-28
Energy.....	11-28
G. Probable Impacts of the Proposed Project—2016.....	11-29
Water Supply	11-29
Sanitary Wastewater	11-30
Sanitary Wastewater Treatment.....	11-31
Stormwater	11-31
Solid Waste.....	11-31

Energy	11-33
H. Modeling Analysis of Potential Impacts of Combined Sewer Overflows	11-33
12: Traffic and Parking	12-1
A. Introduction.....	12-1
B. Principal Conclusions	12-2
Traffic.....	12-2
Parking	12-4
C. Methodology.....	12-4
Traffic.....	12-5
Parking	12-7
D. Existing Conditions.....	12-8
Data Collection	12-8
Vehicular Traffic.....	12-8
Parking	12-17
E. Future Without the Proposed Project—2010.....	12-20
Vehicular Traffic.....	12-22
Parking	12-25
F. Probable Impacts of the Proposed Project—2010	12-26
Changes to the Study Area Street Network.....	12-26
Travel Demand.....	12-28
Trip Assignment.....	12-40
Vehicular Traffic.....	12-41
Parking	12-48
G. Future Without the Proposed Project—2016.....	12-57
Vehicular Traffic.....	12-59
Parking	12-62
H. Probable Impacts of the Proposed Project—2016	12-64
Changes to the Study Area Street Network.....	12-64
Travel Demand.....	12-65
Trip Assignment.....	12-73
Vehicular Traffic.....	12-74
Parking	12-85
13: Transit and Pedestrians	13-1
A. Introduction.....	13-1
B. Principal Conclusions	13-2
Subway Service.....	13-2
Bus Service	13-3
LIRR Commuter Rail Service.....	13-3
Pedestrians	13-4
C. Methodology.....	13-5
Subway Service.....	13-5
Bus Service	13-8
Pedestrians	13-8
D. Existing Conditions.....	13-10
Data Collection	13-10
Subway Service.....	13-10
Bus Service	13-20

Atlantic Yards Arena and Redevelopment Project EIS

Commuter Van Services 13-26
LIRR Commuter Rail Service 13-26
Pedestrians 13-27
E. Future Without the Proposed Project—2010 13-32
 Subway Service 13-33
 Bus Service 13-33
 Commuter Van Services 13-40
 LIRR Commuter Rail Service 13-40
 Pedestrians 13-40
F. Probable Impacts of the Proposed Project—2010 13-44
 Subway Service 13-44
 Bus Service 13-56
 Commuter Van Service 13-58
 LIRR Commuter Rail Service 13-58
 Pedestrians 13-59
G. Future Without the Proposed Project—2016 13-65
 Subway Service 13-66
 Bus Service 13-66
 Commuter Van Services 13-72
 LIRR Commuter Rail Service 13-72
 Pedestrians 13-72
H. Probable Impacts of the Proposed Project—2016 13-77
 Subway Service 13-77
 Bus Service 13-89
 Commuter Van Service 13-91
 LIRR Commuter Rail Service 13-91
 Pedestrians 13-92
14: Air Quality 14-1
 A. Introduction 14-1
 Principal Conclusions 14-1
 B. Pollutants for Analysis 14-2
 Carbon Monoxide 14-2
 Nitrogen Oxides, VOC, and Ozone 14-3
 Lead 14-3
 Particulate Matter—TSP, PM₁₀ and PM_{2.5} 14-4
 Sulfur Dioxide 14-4
 Air Toxics 14-4
 C. Air Quality Regulations, Standards, and Benchmarks 14-5
 National and State Air Quality Standards 14-5
 NAAQs Attainment Status and State Implementation Plans (SIP) 14-5
 Determining the Significance of Air Quality Impacts 14-7
 D. Methodology for Predicting Pollutant Concentrations 14-9
 Mobile Sources 14-9
 Parking Facilities 14-14
 Stationary Source Analysis 14-15
 E. Existing Conditions 14-20
 Existing Monitored Air Quality Conditions 14-20
 PM_{2.5} Background Concentrations 14-21

Predicted Pollutant Concentrations in the Study Area	14-22
F. Future Without the Proposed Project—2010	14-22
Mobile Sources Analysis.....	14-22
Stationary Source Analysis	14-23
G. Probable Impacts of the Proposed Project—2010	14-23
Mobile Sources Analysis.....	14-24
Stationary Sources.....	14-26
H. Future Without the Proposed Project—2016	14-28
Mobile Sources Analysis.....	14-28
Stationary Source Analysis	14-29
I. Probable Impacts of the Proposed Project—2016	14-30
Mobile Sources Analysis.....	14-30
Stationary Sources.....	14-32
15: Noise.....	15-1
A. Introduction.....	15-1
Principal Conclusions.....	15-1
B. Noise Fundamentals.....	15-2
“A”-Weighted Sound Level (dBA)	15-2
Ability to Perceive Changes in Noise Levels	15-2
C. Noise Standards and Criteria	15-4
New York City Noise Code	15-4
New York CEQR Noise Criteria.....	15-4
D. Impact Definition.....	15-5
E. Noise Prediction Methodology	15-6
General Methodology.....	15-6
Analysis Procedure.....	15-7
F. Existing Conditions.....	15-7
Site Description.....	15-7
Selection of Noise Receptor Locations	15-7
Noise Monitoring	15-8
Equipment Used During Noise Monitoring	15-8
Results of Baseline Measurements.....	15-8
G. Future Without the Proposed Project—2010.....	15-10
H. Probable Impacts of the Proposed Project—2010	15-12
I. Future Without the Proposed Project—2016.....	15-17
J. Probable Impacts of the Proposed Project—2016	15-17
K. Building Attenuation for Project Buildings	15-20
L. Mechanical Systems	15-21
16: Neighborhood Character	16-1
A. Introduction.....	16-1
Principal Conclusions.....	16-1
B. Methodology.....	16-3
Study Areas	16-3
Screening for Neighborhood Character Components	16-3
C. Existing Conditions.....	16-4
Project Site	16-4
Adjacent Neighborhoods.....	16-6

Atlantic Yards Arena and Redevelopment Project EIS

D. The Future Without the Proposed Project—201016-10
 Project Site..... 16-11
 Adjacent Neighborhoods 16-11
E. Probable Impacts of the Proposed Project—2010.....16-13
 Overview 16-13
 Project Site..... 16-13
 Adjacent Neighborhoods 16-15
F. The Future Without the Proposed Project—201616-19
 Project Site..... 16-19
 Adjacent Neighborhoods 16-19
G. Probable Impacts of the Proposed Project—2016.....16-20
 Overview 16-20
 Project Site..... 16-21
 Adjacent Neighborhoods 16-23

17: Construction Impacts17-1

A. Introduction 17-1
B. Principal Conclusions.....17-2
 Land Use and Neighborhood Character 17-2
 Socioeconomic Conditions 17-2
 Community Facilities 17-2
 Open Space 17-3
 Cultural Resources..... 17-3
 Hazardous Materials 17-4
 Traffic 17-4
 Parking..... 17-5
 Transit..... 17-5
 Pedestrians 17-5
 Air Quality 17-6
 Noise and Vibration..... 17-6
 Infrastructure 17-7
 Rodent Control 17-7
C. Construction Activities.....17-7
 Schedule and Phasing 17-7
 Hours of Work 17-11
 Lane and Sidewalk Closures..... 17-12
 General Construction Practices 17-13
 Arena Construction..... 17-16
 Construction of Platform 17-18
 Construction of Buildings..... 17-19
 Transit Improvements..... 17-20
 Infrastructure 17-23
 Land Use and Neighborhood Character 17-27
 Socioeconomic Conditions 17-30
 Community Facilities 17-31
 Open Space 17-33
 Cultural Resources..... 17-34
 Hazardous Materials 17-35
 Traffic 17-38

Parking	17-55
Transit	17-57
Pedestrians	17-58
Air Quality	17-69
Noise and Vibration	17-74
Infrastructure	17-93
Rodent Control	17-93
18: Public Health.....	18-1
A. Introduction.....	18-1
Principal Conclusions.....	18-1
B. Methodology	18-2
C. Pollutants of Concern.....	18-3
Particulate Matter	18-3
D. Benchmarks for Determining the Significance of Air Quality and Noise Impacts.....	18-4
Air Quality	18-5
Noise	18-6
E. Summary of Air and Noise Pollution Sources	18-7
Construction	18-7
Project Operations.....	18-6
F. Air Quality-Related Health Effects.....	18-8
Diesel Engine Exhaust	18-8
G. Probable Impacts of the Proposed Project	18-19
Construction	18-19
Project Operations.....	18-21
19: Mitigation	19-1
A. Introduction.....	19-1
B. Community Facilities.....	19-1
Public Schools.....	19-1
Land Use and Neighborhood Character	19-3
Community Facilities	19-3
Open Space	19-3
Shadows	19-4
Urban Design and Visual Resources	19-4
Hazardous Materials.....	19-4
Infrastructure	19-5
Traffic and Parking	19-5
Transit and Pedestrians	19-6
Air Quality	19-6
Noise	19-6
Construction Impacts	19-6
C. Cultural Resources	19-7
Project Site	19-7
Study Area.....	19-8
D. Open Space	19-8
E. Shadows	19-9
Open Spaces	19-9
Historic Resources	19-9

Atlantic Yards Arena and Redevelopment Project EIS

F. Traffic and Parking.....	19-10
Proposed Traffic Mitigation Measures	19-10
Physical Improvements.....	19-11
Demand Management.....	19-12
Transit Service Recommendations	19-16
Traffic Operational Improvements	19-16
Effectiveness of Mitigation Measures on Traffic	19-34
Accidents	19-53
Parking.....	19-55
Air Quality.....	19-55
G. Transit and Pedestrians.....	19-56
Subway Service	19-56
Bus Service.....	19-62
Pedestrians.....	19-65
H. Noise.....	19-68
Traffic-Related Mitigation Effects on Noise for 2010.....	19-68
Traffic-Related Mitigation Effects on Noise for 2016.....	19-71
Building Attenuation for Project Buildings	19-75
I. Construction	19-75
Proposed Construction Implementation Measures	19-75
Proposed Construction Mitigation Measures.....	19-78
20: Alternatives.....	20-1
A. Introduction	20-1
Principal Conclusions.....	20-1
B. No Action Alternative	20-2
Description	20-2
No Action Alternative Compared with the Proposed Project.....	20-2
Conclusion.....	20-13
C. As-of-Right Alternative.....	20-13
Description	20-13
As-of-Right Alternative Compared with the Proposed Project	20-14
D. No Unmitigated Significant Impacts Alternative	20-15
Description	20-15
E. Unity Plan Alternative.....	20-18
F. Reduced Density—No Arena Alternative	20-18
Description	20-18
Reduced Density—No Arena Alternative Compared with the Proposed Project.....	20-20
Conclusion.....	20-49
G. Reduced Density—Arena Alternative.....	20-50
Description	20-50
Reduced Density—Arena Alternative Compared with the Proposed Project	20-52
Conclusion.....	20-82
21: Unavoidable Adverse Impacts	21-1
A. Introduction	21-1
B. Cultural Resources	21-1
C. Urban Design and Visual Resources	21-2
D. Shadows	21-3

E. Traffic 21-3
F. Noise 21-4
G. Construction..... 21-4
22: Growth-Inducing Aspects of the Project 22-1
23: Irreversible and Irretrievable Commitment of Resources 23-1

Volume 2 of 3: FEIS Chapter 24 and Exhibit
24: Response to Comments on the DEIS.....24-1
Exhibit: Transcripts and Comment Submissions (on CD-ROM)

Volume 3 of 3: FEIS Appendices

- A Community Facilities**
- B Cultural Resources**
- C Traffic and Parking**
- D Air Quality**
- E Noise**
- F Construction Impacts**
- G Alternatives**
- H Infrastructure**
- I Correspondence and Agreement Letters**

List of Tables

S-1 Comparison of Residential and Commercial Mixed-Use Variation Programs for 2010 and 2016.....	S-3
1-1 2002-2030 Employment and Population Forecasts for NYC and Brooklyn (in thousands)	1-8
1-2 Parcels To Be Acquired for the Proposed Project.....	1-16
1-3 Comparison of Residential and Commercial Mixed-Use Variation Programs for 2010 and 2016	1-18
1-4 Income Bands for Proposed Project Affordable Housing Units	1-19
2-1 Development in the Study Area Recently Completed or Anticipated To Be Complete by 2016	2-9
2-2 Comparison of Residential and Commercial Mixed-Use Variation Programs for 2010 and 2016.....	2-10
3-1 Demographic Characteristics of the ¼-Mile Study Area	3-21
3-2 Economic Characteristics of the ¼-Mile Study Area.....	3-22
3-3 Housing Characteristics in the ¼-Mile Study Area.....	3-6
3-4 Private Sector Employment: 1990-2000	3-9
4-1 All Residential Units Located on Proposed Project Site.....	4-8
4-2 Race and Ethnicity, 2000	4-10
4-3 Median Household Income and Poverty Rate, 1999	4-11
4-4 Direct Business and Institutional Displacement.....	4-14
4-5 Population: 1980, 1990, 2000	4-28
4-6 Race and Ethnicity: 1980, 1990, and 2000	4-29
4-7 Race and Ethnicity by Census Tract and Block Group: 2000.....	4-30
4-8 Household and Income Characteristics	4-34
4-9 Housing Characteristics: 1980, 1990, and 2000.....	4-37
4-10 Median Home Value and Contract Rent: 2000	4-37
4-11 Unregulated Rental Housing Units in ¾-Mile Study Area	4-44
4-12 Average Household Income for Renters in Small Buildings and All Renter Occupied Buildings in Brooklyn, 2000	4-46
4-13 Unprotected Housing Units in Census Tracts with Potentially At-Risk Population	4-47

Atlantic Yards Arena and Redevelopment Project EIS

4-14 Housing and Population Growth in Future Without the Proposed Project:
2010 and 2016..... 4-48

4-15 ¼-Mile Study Area Housing and Population in Future with the Proposed Project,
2010 and 2016, Residential Mixed-Use Variation..... 4-49

4-16 Income Bands for Proposed Project Affordable Housing Units..... 4-50

4-17 Comparison of Study Area Households by Income Band 2016 Without and
2016 With Proposed Project..... 4-57

4-18 Brooklyn Private Sector Employment: 1960-2002..... 4-61

4-19 Study Area Private Sector Firms and Employment: 1986-2002..... 4-62

4-20 Study Area Private Sector Firms and Employment: 2004..... 4-63

4-21 Summary of Retail Storefronts in ¼-Mile Study Area..... 4-66

4-22 Estimated Full-Time-Equivalent (FTE) Employment Generated by the
Commercial Mixed-Use Variation..... 4-72

4-23 Institutional Uses Located within ¼ Mile of Proposed Project Site: Owner-Occupied or
Government-Owned 4-80

4-24 Institutional Uses Located within ¼ Mile of Proposed Project Site: Not Owner-Occupied or
Government-Owned 4-83

4-25 Total Employment and Economic Benefits from Construction of the Residential
Development in Phase I: Residential Mixed-Use Variation..... 4-87

4-26 Total Employment and Economic Benefits from Construction of the Office and Hotel
Development in Phase I: Residential Mixed-Use Variation..... 4-88

4-27 Total Employment and Economic Benefits from Construction of the Arena and
Infrastructure in Phase I: Either Variation..... 4-89

4-28 Summary of the Total Employment and Economic Benefits from Construction of the
Entire Phase I Development: Residential Mixed-Use Variation 4-90

4-29 Total Employment and Economic Benefits from Construction of the Residential
Development in Phase I: Commercial Mixed-Use Variation 4-92

4-30 Total Employment and Economic Benefits from Construction of the Office Development
in Phase I: Commercial Mixed-Use Variation..... 4-93

4-31 Summary of the Total Employment and Economic Benefits from Construction of the
Entire Phase I Development: Commercial Mixed-Use Variation 4-94

4-32 Estimated Full-Time Equivalent (FTE) Annual Employment Generated by the
Residential Mixed-Use Variation 4-96

4-33 Summary of the Annual Employment and Economic Benefits from Operation of the
Completed Phase I Development Program: Residential Mixed-Use Variation..... 4-97

4-34 Summary of the Annual Employment and Economic Benefits from Operation of the
Completed Phase I Development Program: Commercial Mixed-Use Variation..... 4-100

4-35 Total Employment and Economic Benefits from Construction of the Residential
Development in Phase II Residential Mixed-use Variation..... 4-102

4-36 Total Employment and Economic Benefits from Construction of the Parking and Infrastructure in Phase II Residential Mixed-use Variation4-103

4-37 Summary of the Total Employment and Economic Benefits from Construction of the Entire Phase II Development Residential Mixed-use Variation4-104

4-38 Total Employment and Economic Benefits from Construction of the Parking and Infrastructure in Phase II Commercial Mixed-use Variation4-107

4-39 Summary of the Total Employment and Economic Benefits from Construction of the Entire Phase II Development Commercial Mixed-use Variation.....4-108

4-40 Annual Employment and Economic Benefits from Operation of the Phase II Development4-111

4-41 Summary of the Total Employment and Economic Benefits from Construction of the Total Development: Residential Mixed-Use Variation.....4-113

4-42 Summary of the Total Employment and Economic Benefits from Construction of the Total Development: Commercial Mixed-Use Variation.....4-115

4-43 Summary of the Annual Employment and Economic Benefits from Operation of the Completed Development: Residential Mixed-Use Variation.....4-117

4-44 Summary of the Annual Employment and Economic Benefits from the Operation of the Completed Development: Commercial Mixed-Use Variation.....4-119

5-1 Preliminary Screening Analysis Criteria.....5-4

5-2 Police Services5-5

5-3 Fire Protection Services5-9

5-4 Public Elementary and Intermediate School Enrollment, Capacity, and Utilization: 2004-2005: School Year5-15

5-5 Brooklyn Public High School Enrollment, Capacity, and Utilization: 2004-2005 School Year5-16

5-6 Expected Residential Development within ¾-Mile of the Project Site: 2010 Future Without the Proposed Project.....5-17

5-7 Projected New Housing Units and Estimated Number of Students Generated within ¾ Mile of the Project Site: 2010 Future Without the Proposed Project.....5-17

5-8 Estimated Public Elementary/Intermediate School Enrollment, Capacity, and Utilization: 2010 Future Without the Proposed Project5-19

5-9 Estimated Brooklyn Public High School Enrollment, Capacity, and Utilization: 2010 Future Without the Proposed Project5-20

5-10 Projected New Housing Units and Estimated Number of Students Generated on the Project Site: 2010 Probable Impacts of the Proposed Project.....5-21

5-11 Estimated Public Elementary/Intermediate School Enrollment, Capacity, and Utilization: 2010 Probable Impacts of the Proposed Project.....5-21

5-12 Estimated Brooklyn Public High School Enrollment, Capacity, and Utilization: 2010 Probable Impacts of the Proposed Project.....5-22

Atlantic Yards Arena and Redevelopment Project EIS

5-13 Expected Residential Development within ¾ Mile of Project Site: 2010–2016 Future Without the Proposed Project 5-23

5-14 Projected New Housing Units and Estimated Number of Students Generated: 2010-2016 Future Without the Proposed Project 5-23

5-15 Estimated Public Elementary/Intermediate School Enrollment, Capacity, and Utilization: 2016 Future Without the Proposed Project..... 5-24

5-16 Estimated Brooklyn Public High School Enrollment, Capacity, and Utilization: 2016 Future Without the Proposed Project..... 5-24

5-17 Projected New Housing Units and Estimated Number of Students Generated on the Project Site: 2016 Probable Impacts of the Proposed Project 5-25

5-18 Estimated Public Elementary/Intermediate School Enrollment, Capacity, and Utilization: 2016 Probable Impacts of the Proposed Project 5-26

5-19 Estimated Brooklyn Public High School Enrollment, Capacity, and Utilization: 2016 Probable Impacts of the Proposed Project 5-26

5-20 Library Services within ¾ Mile of the Project Site 5-27

5-21 Hospitals and Emergency Rooms within One Mile of the Project Site..... 5-30

5-22 Summary of Outpatient Health Care Facilities within One Mile of the Project Site..... 5-32

5-23 Public Day Care Centers within One Mile of the Project Site..... 5-36

5-24 Increased Demand for Publicly Funded Day Care Facilities: 2010..... 5-37

5-25 Increased Demand for Publicly Funded Day Care Facilities: 2016..... 5-38

6-1 Existing Population in the Non-Residential and Residential Use Study Areas 6-6

6-2 Age Distribution in the Non-Residential and Residential Use Study Areas..... 6-7

6-3 Open Space Resources..... 6-8

6-4 2010 Analysis of Adequacy of Open Spaces in the Non-Residential and Residential Study Areas..... 6-13

6-5 2016 Analysis of Adequacy of Open Spaces in the Non-Residential and Residential Study Areas..... 6-22

7-1 Potential Historic-Period Archaeological Resources on the Project Site 7-10

7-2 Known Historic Resources on the Project Site and in the Study Area 7-13

7-3 Contributing Properties in the S/NR-Eligible Clinton Avenue Historic District (Resource No. 20) 7-14

8-1 Photo Locator for Figures 8-2 through 8-16—Project Site 8-43

8-2 Photo Locator for Figures 8-18 through 8-32—Study Area..... 8-44
