

COVID-19 CAPITAL COSTS TAX CREDIT PROGRAM

The New York State FY 2023 budget established the COVID-19 Capital Costs Tax Credit Program. Through this program, \$250 million dollars was made available to provide financial assistance to small businesses burdened with a range of operational costs stemming from the COVID-19 pandemic, from structural changes and building upgrades to health-related supplies and materials. The Program offers qualifying businesses relief from the added economic burden by providing tax credits to help reduce the pandemic-related financial impact. Small businesses are eligible to receive a tax credit of 50% of qualifying expenses up to a maximum of \$25,000 in tax credits based on qualifying expenses of \$50,000.

The Program is available to all independently owned and operated businesses operating in New York State with 100 employees or fewer and gross receipts of less than \$2.5 million. In addition, a small business must have incurred at least \$2,000 of qualifying expenses between January 1, 2021, and December 31, 2022, to be eligible for the Program.

Eligible businesses completed applications for tax credits and submitted them to Empire State Development (ESD) for review and verification. If all requirements of the Program were met, ESD issued a tax credit certificate to the business entity, which could then be filed with the NYS Department of Tax and Finance to receive payment.

Businesses that received a tax credit certificate in calendar year 2022 were able to claim the tax credit on their 2022 NYS tax return, while businesses that receive a tax credit certificate in calendar year 2023 can claim the tax credit on their 2023 NYS tax return.

Any questions about the Program can be directed to COVID19CapitalCostsTaxCredit@esd.ny.gov

SUMMARY RESULTS

The following tax credit information includes data since the launching of the program through March 31, 2023.

1,380 businesses have been approved to receive tax credits of \$15.24 million.

COVID-19 CAPITAL COSTS TAX CREDIT PROGRAM BY THE NUMBERS

Applications Awarded

\$15.24M

Funding Awarded
