NEW YORK STATE COVID-19 CAPITAL COSTS TAX CREDIT PROGRAM REPORT

Empire State Development

September 30, 2023

COVID-19 CAPITAL COSTS TAX CREDIT PROGRAM

The New York State FY 2023 budget established the COVID-19 Capital Costs Tax Credit Program. Through this program, \$250 million is available to provide financial assistance to small businesses burdened with a range of operational costs stemming from the COVID-19 pandemic, from structural changes and building upgrades to health-related supplies and materials. The Program offers qualifying businesses relief from the added economic burden by providing tax credits to help reduce the pandemic-related financial impact. Small businesses are eligible to receive a tax credit of 50% of qualifying expenses up to a maximum of \$25,000 in tax credits based on qualifying expenses of \$50,000.

The Program is available to all independently owned and operated businesses operating in New York State with 100 employees or fewer and gross receipts of less than \$2.5 million. In addition, a small business must have incurred at least \$2,000 of qualifying expenses between January 1, 2021, and December 31, 2022, to be eligible for the Program.

Eligible businesses complete applications for tax credits and submit them to Empire State Development (ESD) for review and verification. If all requirements of the Program are met, ESD issues a tax credit certificate to the business entity, which then must be filed with the NYS Department of Tax and Finance to receive payment. Applications must be received by September 30, 2023.

Businesses that received a tax credit certificate in calendar year 2022 were able to claim the tax credit on their 2022 NYS tax return, while businesses that receive a tax credit certificate in calendar year 2023 may claim the tax credit on their 2023 NYS tax return.

Any questions about the Program can be directed to COVID19CapitalCostsTaxCredit@esd.ny.gov

SUMMARY RESULTS

The following tax credit information includes data since the launching of the program through September 30, 2023.

2,218 businesses have been approved to receive tax credits of \$24.98 million.

DETAILED RESULTS

Provided below is a chart showing the number of approved businesses, and the amounts approved by region. Appendix A lists the name of each participant, the amount approved, and the economic development region.

The average tax credit issued was \$11,262.
