# New York State Economic Indicators Dashboard

Consumer Confidence		
	NY	US
First Quarter 2020	66.4	89.1
Fourth Quarter 2019	93.0	99.3
Change from last quarter	-26.6	-10.2
First Quarter 2019	93.3	98.4
Change from last year	-26.9	-9.3

**About the Data:** New York consumer confidence is measured in a monthly survey by the Siena Research Institute by random telephone calls to 805 New York State residents over the age of 18. This index allows a direct comparison to the University of Michigan’s Consumer Sentiment index for the nation. Note: The data is not available monthly since November, 2014.

# New York State Economic Indicators Dashboard

## Empire State Manufacturing Survey

Source: Federal Reserve Bank of New York

### Empire State Manufacturing Survey

August 2020	3.7
July 2020	17.2
August 2019	4.2

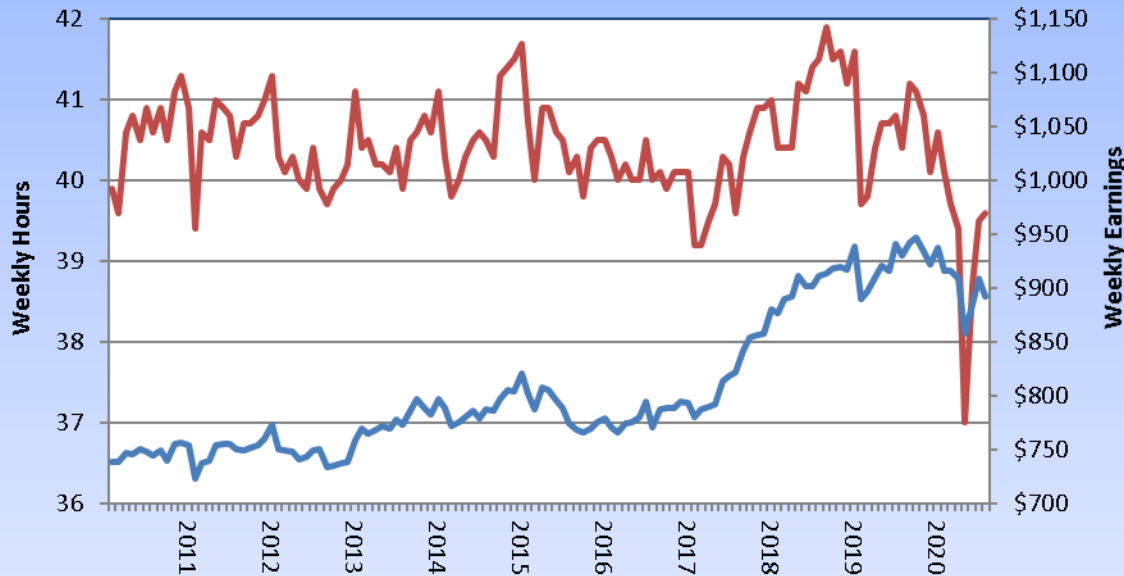

**About the Data:** Each month about 200 manufacturing executives in a variety of industries across the state are sent questionnaires to report changes in different indicators from the previous month. About 100 responses are received. The survey's main index, general business conditions, is not a weighted average of other indicators – it is a distinct question posed on the survey. The index is seasonally adjusted.

### Weekly Hours and Earnings for NYS Manufacturing Production Workers

Source: NYS Department of Labor — Production Hours — Production Earnings

### Weekly Hours and Earnings for NYS Manufacturing Production Workers

	Hours	Earnings
July 2020	39.6	\$893
June 2020	39.5	\$909
Change from last month	0.1	-\$16
July 2019	40.8	\$930
Change from last year	-1.2	-\$37

**About the Data:** Weekly hours and earnings data comes from the Department of Labor’s monthly Current Employment Survey of 18,000 employers. It measures the length of the work week, including overtime, for workers involved in the production of goods.

# New York State Economic Indicators Dashboard

## Consumer Price Index, All Urban Consumers

Source: US Bureau of Labor Statistics

### Consumer Price Index for All Urban Consumers (unadjusted)

	NYC Metro	US
July 2020	283.6	259.1
June 2020	282.3	257.8
July 2019	278.8	256.6

**About the Data:** The Consumer Price Index is prepared monthly by the U.S. Bureau of Labor Statistics. The CPI measures the cost of a market basket of goods and services purchased, in this case, by urban consumers. The major categories include food and beverages, housing, apparel, transportation, medical care, recreation, education and communication, and other goods. The CPI is not available for local areas. (1982 – 1984 = 100)

## Value of All New York Merchandise Exports

Source: WISER Trade Statistics

### Value of All New York Merchandise Exports

Value (Million)

July 2020	\$4,544
June 2020	\$4,352
Change from last month	4.4%
July 2019	\$5,226
Change from last year	-13.1%

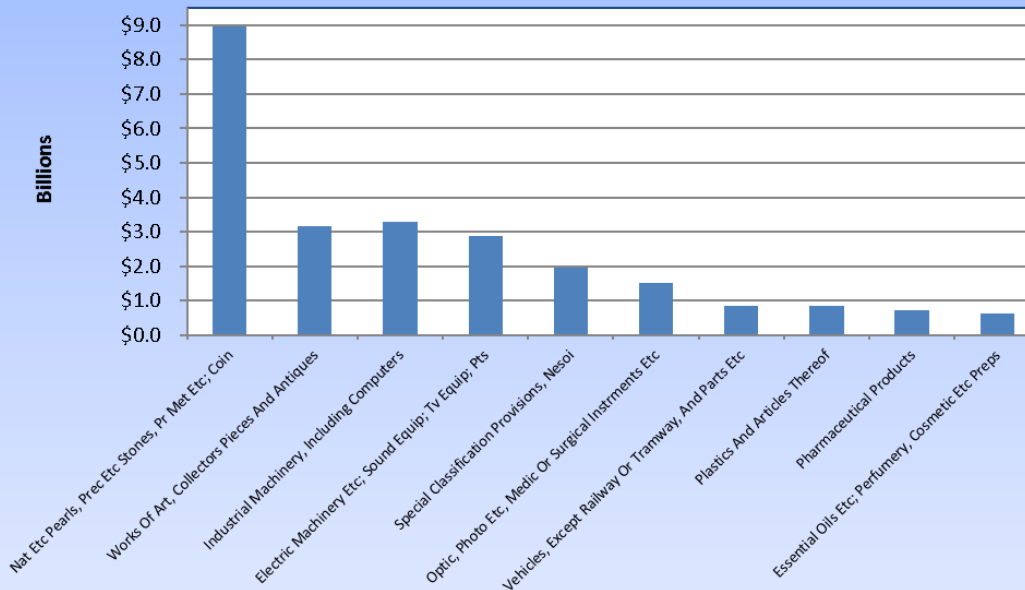

**About the Data:** Data are supplied by WISER Trade based on the U.S. Department of Commerce, Census Bureau, State Origin of Movement Series (OM). The OM series comes from documentation filed by the exporter with U.S. Customs. This series is defined as 1) the state where the product began its journey to the point of export, or 2) the state of consolidation of shipments, or 3) the state of greatest value in the case of consolidation, or 4) the state of a foreign trade zone.

The OM state provides a close approximation to state of production for manufactured goods. It is not very reliable for certain agricultural and other non-manufactured goods because they can be credited to the major port states. For manufactured goods it may also capture the state of consolidation or the state of a broker or wholesaler.
