

Empire State Development Strategic Planning and Feasibility Study Grant Awards-CFA Round 12						
Region	CFA Number	Organization	Application Name	Project Description	Project County	Award Amount
Capital Region	120540	Village of Green Island	Village of Green Island Water and Sewer Infrastructure Study	The Village of Green Island will conduct a water and sewer infrastructure study in the developing northern end of the Village. The northern end of the Village is primarily a significant industrial redevelopment area. The Village will complete a preliminary engineering report (PER) which will have a strong impact on current and future businesses within this part of the Village, by improving reliability while reducing water and sewer service cost	Albany	\$40,000
Capital Region	121575	Advance Albany County Alliance Local Development Corporation	AI Tech Specialty Steel Site Feasibility Study	Advance Albany County Alliance Local Development Corporation will complete a site feasibility study and preliminary site plan for the AI-Tech Specialty Steel brownfield in the Town of Colonie (201 Spring St Rd), Albany County's largest brownfield. The study will build on previous state investment in the site to encourage redevelopment of the long-abandoned AI-Tech Specialty Site.	Albany	\$40,000
Capital Region	119078	Center for Economic Growth, Inc.	Energy Innovation Hub Feasibility Study	The Center for Economic Growth (CEG) will conduct a feasibility study for site and facility assessment and planning, including a technical assessment and financial evaluation, to develop an Industrial Energy Innovation Hub (Energy Innovation Hub) at Luther Forest Technology Campus (LFTC), which can serve as a replicable, sustainable model for the scalable integration of renewable energy, green hydrogen, and storage.	Saratoga	\$43,200
Capital Region	119240	County of Washington	Washington County Sewer District 2 Capital Improvement Plan	Washington County will develop a Capital Improvement Plan for the Washington County Sewer District #2 (WCSD#2). The WCSD#2 maintains 45 miles of sewer, serves approximately 15,000 people, and processes over 2 million gallons of sewage per day. This project will provide a roadmap to Washington County about capital improvement priorities, as well as funding and financing strategies to realize their implementation.	Washington	\$55,000
Central New York	119570	County of Cortland	Cortland County Strategic Development Plan	The Cortland County strategic development plan is a collaborative countywide development plan to bolster the Central New York economy and attract growth by creating vibrant and inclusive places in Cortland County to live, work, and play. The plan will identify means to strengthen municipal centers and corridors through creative and modern placemaking, protect and conserve rural areas and natural resources, and plan for an improved quality of life in each community.	Cortland	\$90,000
Central New York	120694	Town of Cortlandville	Gutchess Lumber Sports Complex Market Analysis	The Town of Cortlandville, in cooperation with the Cortland Regional Sports Council and the Cortland County Business Development Corporation, will complete an Economic Market Analysis and Impact Study to guide future development at the Gutchess Lumber Athletic Complex. The Study will also quantify the economic impact the facility will have on the County economy.	Cortland	\$32,500
Central New York	120219	Village of Fayetteville	Village of Fayetteville Streetscape Plan	The Village of Fayetteville Streetscape Plan is intended to enhance pedestrian and bicycle safety and connectivity between the village center, surrounding neighborhoods, and the Empire State Trail. The plan will result in a cohesive streetscape design that incorporates traffic calming, street furniture (i.e., benches, trash receptacles, lighting, bike racks) on-street parking, street trees, cross walks, and bicycle facilities.	Onondaga	\$19,600
Long Island	108291	Art & Nature Group, Inc.	The Washington Lodge Planning and Feasibility Study	Art and Nature Group is a nonprofit that promotes nature education. The study will determine the scope of work to renovate the historic Washington Lodge so it can accommodate daytime child care and after school programming.	Suffolk	\$100,000
Mid-Hudson	118848	County of Orange	Conference Center Feasibility Study	The Orange County Office of Economic Development will complete a feasibility study for a new Conference Center in four areas in Orange County, NY. Areas include the vicinities of NY Stewart International Airport, Woodbury Commons, the City of Newburgh waterfront, and the Orange County Fairgrounds. The study will provide analysis of market demand, sizing, and viability of each location. Findings will be used by local economic development agencies to promote the project and attract investors.	Orange	\$55,000
Mid-Hudson	118860	City of Middletown	Middletown Community Campus Strategic Plan	The City of Middletown will create a strategic plan for the Middletown Community Campus, formerly known as the Middletown State Psychiatric Center, in the City of Middletown, Orange County. This strategic plan will aid in the City's plans to return the Middletown Community Campus to a thriving campus, building upon the educational investments already made and attracting further economic development.	Orange	\$55,000
Mid-Hudson	120341	Village of Haverstraw	Downtown Parking and Complete Streets Feasibility Study	The Village of Haverstraw will undertake a complete street and parking analysis study of its downtown area. The study will analyze existing conditions, identify changes needed, and develop conceptual designs for the downtown that will provide a cleaner, greener transportation network that considers the needs of all users, including pedestrians of all ages and disabilities, bicyclists, motorists, and public transportation.	Rockland	\$15,000
Mid-Hudson	121700	Town of Marlborough	Marlborough Buttermilk Collaborative and Feasibility Planning Initiative	The Town of Marlborough, located in Ulster County will complete a feasibility study for the expansion of Buttermilk Falls Inn and Spa. The study will inform the viability of the project and will provide the Town with valuable information to facilitate future development in terms of community engagement and economic development creating the connectedness mentioned in both the Town's Master Plan and Route 9W Master Plan.	Ulster	\$50,000

Empire State Development Strategic Planning and Feasibility Study Grant Awards-CFA Round 12						
Region	CFA Number	Organization	Application Name	Project Description	Project County	Award Amount
Mid-Hudson	120017	City of Peekskill	Peekskill Highway Garage Site Reuse Study	The City of Peekskill will develop a study for the reuse of the current site of their highway garage. The study will consider developing the site as a mixed-use hub that provides the city with much needed housing and opportunities for commercial and recreational activities. The study will be guided by the goals and priorities that were outlined in the City's Local Waterfront Revitalization Plan and the Downtown Revitalization Initiative Strategic Investment Plan.	Westchester	\$25,000
Mohawk Valley	120092	Fulton County Center for Regional Growth, Inc.	Crossland Project	Fulton County Center for Regional Growth, Inc. (CRG) has identified a prime location for a future industrial park, located along a major arterial in the Town of Johnstown. This site offers excellent vehicle access and has a full complement of high-capacity utilities nearby. CRG will complete a study to determine costs for the development of infrastructure at the site, including roads, utilities, site analysis, and environmental investigation.	Fulton	\$43,700
Mohawk Valley	120454	Lexington Foundation	Fulton Arc Lexington Retreat Conference Center Campus Masterplan	Lexington Foundation will develop a masterplan to support the phased approach of a recreational campus designed to benefit several individuals including those with disabilities along with veterans and all the community. The study will entail project scoping and phasing plans, along with estimates and financing strategies to create the anticipated recreational campus of cabins, hiking trails, playgrounds, and an adaptive sports center to build skills, create jobs, and improve quality of life.	Fulton	\$100,000
Southern Tier	118461	Village of Johnson City	Village of Johnson City Downtown Parking Plan and Feasibility Study	The Village of Johnson City will undertake a parking study to determine if a multi-user parking facility for use by SUNY, residents, businesses, and the adjacent United Health Services (UHS) hospital is warranted.	Broome	\$20,000
Southern Tier	117628	Southern Tier Economic Growth, Inc.	Chemung County Strategic Economic Development Plan	Southern Tier Economic Growth (STEG) will develop a forward-looking strategic development plan for Chemung County that is grounded in an assessment of the area's current conditions and opportunities, built on the consensus of leadership and key stakeholders, and aligned with regional and local plans and priorities. The plan will include various factors of economic vitality, including workforce, sustainability, housing, "brand" and quality of place.	Chemung	\$27,500
Southern Tier	118284	COUNTY OF CHENANGO	Chenango County 2050 Vision Plan	The Chenango County 2050 Vision Plan will be a community-wide vision plan, The plan will provide a vision of how Chenango County will cultivate businesses and other economic development opportunities into the year 2050. Establishing a County wide plan will help to develop an implementation strategy that builds on regional investments and attractions that collectively contribute to the quality of life in rural communities along the I-88 corridor of the Southern Tier.	Chenango	\$80,000
Southern Tier	120243	Tioga County IDA	Raymond Hadley Water Capacity Preliminary Engineering Report	Tioga County IDA will complete a study of a design for the water main extension from the Town of Van Etten in Chemung County to the Town of Spencer in Tioga County. The water main extension will be for the benefit of the Raymond Hadley Corporation, a food processing operation that currently relies on well water. With access to a water main the company will be able to respond to business opportunities it cannot with its present reliance on well water.	Tioga and Chemung	\$23,650
Western New York	117575	Town of Persia	Redeveloping Persia	The Persia Town Hall, located at 8 West Main Street in the Village of Gowanda is listed on the National Register of Historic Places. The study will determine how to significantly enhance the delivery of government services by improving efficiency and accessibility and develop a plan to maintain the integrity of an historic building in a community where downtown revitalization efforts are having an overall positive economic impact.	Cattaraugus	\$29,700
Western New York	120332	Village of North Collins	Village Center Streetscape Corridor Study	The Village of North Collins will conduct a Village Center Streetscape Corridor Study for the Main Street business district, which extends from School Street to Southside Avenue, to increase safety conditions and bolster Main Street as a local destination for residents and visitors. The study seeks to enhance the public realm in the Village center and create a welcoming and walkable district to help retain and attract business and investment in the community.	Erie	\$27,000
Western New York	120703	County of Erie	Erie County Cultural Plan 2022	Working with partners from arts & culture, business, education, economic development, government, and philanthropy, this year-long endeavor will assess community needs and develop a plan of action that identifies and directs resources to address them. It will bring culture fully to the table as a key asset that defines Buffalo & Erie County and will help shape its future.	Erie	\$75,000
