

## **ECONOMIC TRANSFORMATION AND FACILITY REDEVELOPMENT PROGRAM**

### **Quarterly Report**

**March 31, 2019**

The Economic Transformation and Facility Redevelopment Program was established to support the economies of communities affected by the closure of certain correctional and juvenile justice facilities in 2011 (Chapter 61, Laws of 2011).

The Program was available to eligible entities within an Economic Transformation Area (ETA). The Program provides job creation and investment incentives for firms that located in an ETA. Firms in targeted industries that create at least five net new jobs may qualify for up to five fully refundable tax benefits:

- A jobs tax credit of 6.85% of the wages of each net new job;
- An investment tax credit of 6% of capital investments with the credit increasing to 10% if it is at the site of closed facility. This credit is capped at \$4 million per firm for investments outside the facility and \$8 million for all investments at the facility;
- A real property tax credit of 25% of eligible property taxes in the first year, phasing down to 5% in year five. The credit is 50% of eligible property taxes for firms located at the facility phasing down to 10% in year 5;
- A job training tax credit of 50% of training expenses, capped at \$4,000 per eligible employee per year. Eligibility for this credit is limited to instances where former facility employees are hired by a new firm; and
- A sales tax refund on tangible personal property used for construction at an eligible site.

Economic Transformation Areas encompass the closed facility itself or a certain radius around the closed facility, including the closed facility. The designations were as follows:
