

**DIVISION OF MINORITY AND WOMEN'S
BUSINESS DEVELOPMENT**

Annual Report Fiscal Year 2020-21

Letter from the Executive Vice President & Executive Director

The Division of Minority and Women's Business Development (DMWBD) advocates for equality of economic opportunities for minority- and women-owned businesses (MWBEs) and for the elimination of barriers to their participation in state contracts. For over 20 years, the DMWBD has delivered certification and business development services to the MWBE community to ensure they have the tools needed to grow, succeed, and thrive in New York State, and the DMWBD has guided and supported New York state agencies and authorities in their efforts to ensure greater inclusion of MWBEs in state contracting opportunities.

In 2020, COVID-19 hit New York State hard. But our vibrant and diverse community pulled together to build back better; supporting local businesses better to create opportunities, jobs and strengthen our economy.

Despite the disruption from the pandemic, we are proud to report that in 2021, New York continued to lead the nation in economic empowerment and contracting opportunities for MWBEs. In fact, coming in at **30.51%** for 2021, New York State officially surpassed the nation-leading goal of 30 percent MWBE utilization.

This extraordinary achievement belongs to the people of New York, New York State Agencies and Authorities, and the MWBE community most of all. As this Annual Report shows, MWBEs were crucial in the resurgence and resilience of our State's economy. The increase in MWBE utilization from 2020, despite reductions in State expenditure caused by the pandemic, further demonstrate the growing impact by the MWBE community on state-wide contracting and economic development.

Having surpassed our long-held utilization goal, we are excited for what the future holds. The DMWBD looks forward to continuing to provide New York state and MWBEs with exceptional service, integrity, and innovation.

The Division of Minority and Women’s Business Development

Executive Law Article 15-A (§§ 310-318) governs requirements for the participation of minority and women-owned business enterprises (“MWBEs”) in New York State contracting. The objective of Article 15-A is to promote equality of economic opportunities for MWBEs and to eliminate barriers to their participation in state contracting.

The Division of Minority and Women’s Business Development (“DMWBD” or the “Division”) oversees the statewide MWBE program operated by “state agencies” (which includes, *inter alia*, state agencies and public authorities) as defined by Article 15-A. The Division is charged with three primary functions: (1) to encourage and assist state agencies that are engaged in contracting activities to award a fair share of state contracts to MWBEs; (2) to review applications by businesses seeking certification as a MWBE and to maintain a directory of certified MWBEs; and (3) to promote the business development of MWBEs through education and outreach to agencies and MWBEs.

2021 MWBE Certification Statistics

The mission of the Division is to promote equality of economic opportunities for Minority and Women-owned Business Enterprises (“MWBEs”) and to eliminate barriers to their participation in state contracting. Each year, the Division provides a report on program progress and success which includes information on the annual NYS MWBE utilization, overall NYS MWBE expenditure, and the total number of certified NYS MWBEs.

NYS MWBE Expenditure and Utilization

The Division is proud to announce that, for the first time ever, NYS has **exceeded** the 30% goal. Despite the difficulties presented in FY 20-21, including the COVID-19 pandemic, New York State, the Division, and NYS Agencies and Authorities continued to deliver, and exceed, their commitment to championing greater equality of economic opportunities for MWBEs.

NYS MWBE Certified Firms

The NYS MWBE Directory of Certified Firms reached its highest level of certified firms in fiscal year 2020-21. This achievement was made possible, in part, by an effort to increase education, outreach, and transparency of the MWBE Certification program. In April 2021, the DMWBD launched a new website. Among the new page elements is a pioneering MWBE Certification Assessment Tool, designed to make the certification process more transparent. This new tool allows prospective applicants to better understand the Article 15-A criteria for certification and better assess whether they meet those criteria. This in turn has led to more qualified and complete application submissions.

2021 NYS MWBE Expenditure and Utilization Breakdown

NYS MWBE Expenditure by Industry

The COVID 19 pandemic adversely affected expenditure and the MWBE community. During fiscal year 2020-21 overall NYS expenditure was down by 6.30% from \$10.6B in FY 2019-20. However, during this time NYS agencies and authorities were able to mitigate the overall decline in expenditure with MWBE vendors to 2.96%.

Despite a reduction in spending, the increase in MWBE utilization demonstrates the resilience and robust nature of the MWBE program, MWBE businesses, and the ongoing commitment of NYS Agencies and Authorities to supporting the MWBE community.

NYS MWBE Regional Statistics

For the first time, the DMWBD is providing a regional breakdown of MWBE certification and expenditure by region, as set forth below. Increased regional engagement and support is a key component of the DMWBD's strategic planning. Now more than ever, the Division is committed to strengthening its support and work throughout the entirety of New York and seeks to provide enhanced regional MWBE business development events and outreach, including training, webinars, mentorship, and programs aimed at connecting MWBEs across with state agencies, authorities and local contracting opportunities.

2021 NYS MWBE Waivers and Violations

Waivers occur at or after the time of award of a contract and may result in a reduction or elimination of the MWBE goals that were established by the agency. Waivers may be granted following consideration and review of various regulatory factors (such as for example, availability, number and types of certified MWBEs, contract dollar value and scope of work, project size and term) as well as documented good faith efforts to meet the contract goals. Requests for partial or total waivers may be considered.

A contractor may be held liable for the willful or intentional failure to comply with MWBE program requirements; such violations may result in sanctions including monetary damages.

NYS MWBE Waivers and Violations Summary, Fiscal Year 2020-21

Number of Waivers Requested:	776
Number of Waivers Granted:	664 ⁵
Number of Contract Violations:	14 ⁶
Monetary Sanctions/Damages from Violations:	\$104,752

⁵ Waivers were granted due to a lack of MWBE firms available to meet goals.

⁶ Due to contractor failure to meet good faith standard.
