BUSINESS DEVELOPMENT**

**Annual Report Fiscal Year 2022-23**

## **Letter from the Executive Vice President & Executive Director of the Division of Minority & Women's Business Development**

Minority and women-owned business enterprises (MWBEs) are the backbone of New York State's economy. Local MWBEs embody the "can-do" New York spirit and has made our State a global leader for commerce and culture. The work represented in this report highlights New York's commitment to creating opportunities for communities that historically have been left outside in the cold. I firmly believe that by investing in our MWBEs, we are investing in ourselves and in our future.

The Division of Minority and Women's Business Development (DMWBD) is here to provide assistance for New York MWBEs. For 35 years, we have advocated to increase equity in economic opportunities and achieve greater participation in New York State contracts for NYS MWBEs. Through our certification and business development services, we provide businesses with the tools to grow, succeed, and thrive in our vibrant economy. The DMWBD has also worked in close partnership with State Agencies and Authorities to achieve the highest MWBE utilization rate of any state in the country. Together, we have built a more vibrant and dynamic MWBE community.

As we reflect back on 35 years of supporting MWBE excellence and embark on a new chapter, we are encouraged by our past accomplishments and invigorated by the milestones we hit this year:

**New York Continues to Lead the Nation in MWBE Utilization.** We are proud to report that New York State not only met its nation-leading 30 percent MWBE utilization goal but boasts a record breaking **32.30%** MWBE utilization rate for FY 2022-23 – the highest MWBE participation rate in the history of our State.

**Elimination of the Certification Backlog.** In her 2022 State of the State address, Governor Kathy Hochul delivered a clear mandate supported with funding to achieve this goal: clear the MWBE certification backlog. Earlier this year, DMWBD hit this critical milestone, meaning the Division is operating without a backlog of unresolved certification applications for the first time in decades. This means our team can commit more time and resources to helping certified NYS MWBE businesses and participate in state contracting opportunities.

**Faster MWBE Certification Application Review.** Thanks to the additional resources provided by Governor Hochul, as well as internal improvements made to our review process, we've cut the certification processing time to 90 to 120 days, slashing the wait time for businesses by over 75 percent. The best part: we managed to do so while also expanding the quality of our review process.

Rest assured, New York and the DMWBD is not planning to rest on our laurels. We're gearing up to do more. With bold new ideas in the pipeline and more improvements on the horizon, the DMWBD looks forward to continuing to provide New Yorkers and MWBEs with exceptional service, integrity, and innovative solutions.

We're just getting started, and the best is yet to come.

## The Division of Minority and Women’s Business Development

Executive Law Article 15-A (§§ 310-318) governs requirements for the participation of minority and women-owned business enterprises (“MWBEs”) in New York State contracting. The objective of Article 15-A is to promote equality of economic opportunities for MWBEs and to eliminate barriers to their participation in state contracting.

The Division of Minority and Women’s Business Development (“DMWBD) oversees the statewide MWBE program operated by “state agencies” (which includes, *inter alia*, state agencies and public authorities) as defined by Article 15-A. The Division is charged with three primary functions: (1) to encourage and assist state agencies that are engaged in contracting activities to award a fair share of state contracts to MWBEs; (2) to review applications by businesses seeking certification as a MWBE and to maintain a directory of certified MWBEs; and (3) to promote the business development of MWBEs through education and outreach to agencies and MWBEs.

## FY 2022-23 MWBE Statistics

The mission of the DMWBD is to promote equality of economic opportunities for Minority and Women-owned Business Enterprises (“MWBEs”) and to eliminate barriers to their participation in state contracting. Due to these improvements the certification processing time is now averaging 90 to 120 days. DMWBD will be able to certify MWBE businesses faster, growth the size and range of the certified directory, and increase overall MWBE participation in state contracting.

## FY 2022-23 NYS MWBE Waivers and Violations

Waivers occur at or after the time of award of a contract and may result in a reduction or elimination of the MWBE goals that were established by the agency. Waivers may be granted following consideration and review of various regulatory factors (for example, the availability, number, or types of certified MWBEs, contract dollar value, scope of work, project size and term) as well as documented good faith efforts to meet the contract goals. Requests for partial or total waivers may be considered.

A contractor may be held liable for the willful or intentional failure to comply with MWBE program requirements; such violations may result in sanctions including monetary damages.
