## MUSICAL AND THEATRICAL TAX CREDIT – ANNUAL REPORT CALENDAR YEAR 2018

Empire State Development (ESD) oversees administration of the Empire State Musical and Theatrical Tax Credit Program.

The Program is designed to encourage musical and theatrical production companies to conduct pre-tour activities, technical rehearsals and to perform shows at locations in Upstate New York, home to some of the premier regional venues for musical and theatrical production.

The Program provides incentives for qualified production companies to conduct technical rehearsals and other pre-tour activities and perform shows in qualified regional theaters throughout Upstate NY. The Program requires the use of these Upstate entertainment venues, making them competitive with other venues located in the Northeast States that offer similar tax incentives to musical and theatrical productions produced on Broadway.

Program credits of \$4 million per year can be allocated and used to encourage companies to perform and conduct technical rehearsals and other pre-tour activities in Upstate New York, to help stimulate the Upstate economy. Production companies may be eligible to receive a fully refundable credit of 25 percent of qualified production and transportation expenditures.

This report reflects activity during calendar year 2018. The information presented includes the number of productions that applied and projected spending and estimated credits for qualified production projects deemed eligible to participate in the Program.

## INITIAL APPLICATIONS

ESD accepts initial applications on a rolling basis and reviews them when deemed complete. A preliminary eligibility determination is made for all applications that meet the criteria set forth in statute and regulations and applicants are required to submit a final application once projects are finished. This report reflects initial applications submitted in 2018.

During calendar year 2018, initial applications for eight musical and theatrical productions were submitted. These projects estimate:

- \$15.5MM in production expenditures related to the qualified production facilities, including labor
- \$1,464,294 in additional expenditures in NYS, including transportation, travel and hotels.
- 185 hires by the qualified touring productions
- 265 hires by the qualified production facilities
- \$4,248,142 in tax credits

## FINAL APPLICATIONS

When a project is completed, a final application must be submitted for review and audit by ESD before a credit is issued. Additional information is required to be disclosed about the name of the company receiving the tax credit, the amount of tax credit issued, and the credit eligible hours and wages for each project issued a credit. In 2018, two tax credits were issued.
