New Farmers Grant Fund Guidelines

Program Summary
New York State has allocated $1 million in the 2017-2018 State budget for the New York State New Farmers Grant Fund. Administered by the New York State Urban Development Corporation d/b/a Empire State Development ("ESD") in consultation with the Department of Agriculture and Markets ("Ag & Markets"), its purpose is to provide grants to support beginning farmers who have chosen farming as a career and who materially and substantially participate in the production of an agricultural product within a region of the state. Supporting beginning farmers will result in the growth of agribusiness and the concomitant tax revenues within the state.

Grants may provide a minimum of $15,000 and a maximum of $50,000 for up to 50% of total project costs. The remaining 50% must be matched by the recipient. Eligible sources of recipient match are limited to cash, lines of credit and loans. Other grant funds may not be used as matching funds. For any award the total project cost must be at least twice the grant award request.

Grant reimbursement is made upon project completion and submission of required supporting documentation.

Grant awards are anticipated to be announced in late spring/early summer 2018. All applicants will be notified by mail of decisions made.
