Program Name: _____

This budget worksheet can be used for the Office of Strategic Workforce Development (OSWD) Capital Grant program and the Pay for Performance Operating Grants and Capacity-Building Awards. **All applicants must fill out the budget narrative, as well the budget forms applicable to each grant requested.**

If you are applying for a **Capital Grant** (p.3), up to 50% of the **capital** project costs will be eligible for an award; minimally 50% will need to be secured from other sources. Please only complete the capital budget sheet if you are applying for a Capital Grant. Under state law, ESD has additional public review/approval requirements for projects that include capital expenditures, so applicants are urged to properly categorize items in their projected budgets.

If you are applying for a **P4P Operating Grant** (p.4), up to 75% of the **operating** project costs will be eligible for an award; minimally 25% will need to be secured from other sources. Please only complete the operating budget sheet if you are applying for an Operating Grant.

If you are applying for a **P4P Capacity-Building Award** (p.5), please use the capacity-building budget sheet to estimate funding amounts based on previous job placement metrics and to outline how your award will be spent to expand the capacity of your existing program. Please only complete the capacity building award budget sheet if you are applying for a Capacity-Building Award.
