STATUS REPORT: 4TH QUARTER FISCAL YEAR 2017-18 Development

As required by statute, this report contains the status of economic development programs administered by the Urban Development Corporation, doing business as the Empire State Development Corporation ("ESD"). Funding for the projects listed herein was approved by ESD during the 4th Quarter of Fiscal Year 2017-18 (January 1 through March 31). During this period, ESD approved 87 awards to 82 companies or organizations for 83 projects totaling in \$161,455,304 funding commitments. These projects will retain 6,847 jobs, create 842 jobs and leverage \$490,041,954 in private or other public sector investment.

# **ECONOMIC DEVELOPMENT PROGRAMS: APPROPRIATION CATEGORIES**

Projects in the report are funded from the appropriation (and reappropriation) categories listed below, including the Fiscal Year(s) ("FY") of appropriations.

- Buffalo Regional Innovation Cluster an appropriation to support economic development programs in the City of Buffalo and surrounding areas.
- Community Development Financial Institution Program an annual appropriation that provides micro-loans to businesses that do not qualify for bank loans as well as one-on-one counseling and business development assistance to facilitate credit-readiness.
- Economic Development Purposes Fund an appropriation that made \$31.18 million of funding available in 2016-17 for business investment, job creation, promotion of tourism, domestic and international trade missions, and economic growth investment initiatives.
- Economic Development Initiatives Program a \$2 million annual appropriation to provide assistance to companies and not-for-profit organizations to increase the export of New York's products and services to foreign markets. Grants are made to help New York State's private sector identify and develop export markets and increase their sales, thereby creating and retaining jobs. In addition, this appropriation is used for various marketing and tourism initatives.
- Empire State Economic Development Fund created in 1996, and generally funded annually, this appropriation provides assistance for projects that promote the economic health of New York State by facilitating the creation or retention of jobs or the increase of business activity.
- Economic Transformation Program a \$50 million appropriation created as part of the FY 2011-12 budget and a \$32 million appropriation in the FY 2016-2017 New York State budget to assist communities affected by closures of the state's correctional and juvenile justice facilities.
- Entrepreneurial Assistance Program two annual appropriations that establish and maintain Entrepreneurial Assistance Program Centers in local communities to provide instruction, training, technical assistance, and support services to individuals who have recently started their own business or are interested in starting a business.
- Market NY Program an annual appropriation awarded through the Regional Council Consolidating Funding Application process, to support regionally themed, New York focused projects to help to bolster tourism growth by promoting tourism destinations, attractions, and special events.
- New NY Broadband Program a \$500 million appropriation to support broadband deployment to Unserved and Underserved areas of the State, at Internet speeds of at least 100 megabits per second (Mbps) (download) in most places, and 25 Mbps (download) in the most remote parts of the State.

**ECONOMIC DEVELOPMENT PROGRAMS: APPROPRIATION CATEGORIES CONTINUED** 

- New York Power Authority Fund ("NYPA") Funding to support various ESD economic development initiative
- New York Power Authority ("NYPA") Craft Beverage Marketing Program Funding established in FY 2014-2015, under Section 19 of Part I of Chapter 55 of the State Law, allowing the Power Authority of the State of New York to make a contribution of up to \$90 million to the State Treasury, a portion of which was directed to the credit of ESD in furtherance of ESD's Statewide economic development initiatives. The program will also support marketing initiatives that target craft beverage businesses located within the Central New York region to increase the profile, awareness and sales of Central New York produced wine, beer, spirits, and hard cider.
- New York Works Connect NY ("Connect NY") a \$25 million appropriation from the New York Works Fund to promote and expand high-speed Internet access in rural upstate and underserved urban areas of the State.
- New York Works Economic Development Fund an annual appropriation to support economic development.
- New York Life Science Initiative Fund A \$320 million appropriation in the FY 2017-2018 budget to spur the growth of a new, world-class life science research cluster in New York, as well as expand the state's ability to commercialize this research and grow the economy.
- Regional Council Capital Fund an annual appropriation established under the Governor's Regional Economic Development Council Initiative to support capital-based economic development initiatives intended to create or retain jobs, prevent or reduce unemployment and underemployment and to increase business activity in a community or region.
- Restore New York Communities Initiative a \$300 million appropriation, awarded over three years (FY 2006-07, FY 2007-08, and FY 2008-09), that aids municipalities with real property in need of demolition/deconstruction, rehabilitation or reconstruction for both commercial and residential property. In addition, the FY 2017-18 budget has identified a \$70 million appropriation for the program. FY 2016-17 also identifies \$50 million worth of funds.
- Upstate Revitalization Initiative The New York Upstate Revitalization Initiative (URI) is part of an overall
  program aimed at systematically revitalizing the economy of Upstate New York. Modeled after the success of
  the Buffalo Billion Initiative, the URI is an opportunity for the communities of upstate New York to address the
  economic challenges of their regions and work together in bringing jobs back upstate.
- Urban and Community Development Program an annual appropriation that promotes economic development by encouraging economic and employment opportunities in targeted communities and urban areas.

### **Cumulative Summary of Commitments by Appropriation**

Commitments are broken down by appropriation category and detail the total funding commitments approved by ESD during the 4th Quarter of FY 2017-18.

Western New York	17	115	115	6	121
Total	83	6,847	6,847	842	7,689

Please note the following:

- Approved projects in certain programs (e.g. Restore New York Communities Initiative, Community Development Financial Institution Program, Regional Council Capital Fund, Urban and Community Development Program) or for certain purposes (e.g. worker training, marketing, research and development, Ioan funds, infrastructure) are intended to enhance productivity, afford access to capital for smaller or disadvantaged businesses, advance targeted industries or regional priorities, or improve infrastructure or communities. In some of these instances, job creation is not a primary goal and thus is not tracked.
- Initial Jobs is the baseline employment number.
- Retained Jobs indicates when some or all of a company's jobs were in jeopardy of being lost, typically through plant closures or companies moving out of the state.
- Created Jobs indicates anticipated job growth over a one- to five-year horizon.

# SECTION 4: IMPACT OF APPROVED PROJECTS ON DISTRESSED URBAN AND RURAL COMMUNITIES, SMALL- AND MEDIUM-SIZED BUSINESSES AND STRATEGIC INDUSTRIES

For each project with funding exceeding \$100,000 and the goal of creating or retaining jobs, ESD staff prepares an analysis of the benefits and costs that accrue to New York State based on income and sales tax revenues that are expected to be generated by direct and indirect jobs (e.g. construction). Summary information is provided below, and the attached Project Lists indicate this information where relevant (projects without construction or job creation indicate "N/A"). Individual analyses are attached in the appendix.

### **Distressed Urban and Rural Communities**

Of the 82 recipients of funding approved by ESD in the 4th Quarter of Fiscal Year 2017-18, 79 recipients (96%) were located in distressed communities. Of these 79 recipients,

- 33 (40% of total funding recipients) were located in a distressed rural community
- 46 (56% of total funding recipients) were located in distressed urban communities

#### Small- and Medium-sized Businesses

Of the 82 recipients of funding approved by ESD in the 4th Quarter of Fiscal Year 2017-18, 20 (24%) were small or medium-sized businesses or organizations.

#### **Strategic Industries**

Of the 83 projects approved by ESD in the 4th Quarter of Fiscal Year 2017-18, the following industries were represented:

Industry	Percentage of Total Funding	# of Project(s)
Arts Culture & Entertainment	3.7%	2
Education	16.5%	4
Environmental/Green Energy	7.9%	5
Food & Beverage Manufacturing/Distribution	<1%	5
Health/Medical	1.6%	3
Machinery & Miscellaneous Manufacturing	3%	15
Municipal /Government/Not-For-Profit	36%	31
Real Estate Development	8.5%	7
Technology/Scientific Research & Development	22%	6
Tourism/Hospitality	<1%	5

Please note the following:

- To determine if a project is in a distressed area, Department of Labor information was used to determine whether the county's unemployment rate was above 4.7% (the New York State unemployment average for the year 2017). Projects located in an Empire Zone, a Federally-designated Enterprise Community or a Federally-designated Empowerment Zone are also included. "Urban" projects are located in New York State's 62 designated cities; other projects are considered "Rural."
- A company is considered small- or medium-sized if it employs fewer than 500 persons.

#### **NEW YORK** STATE OF Development APPENDIX: FISCAL BENEFIT TO COST EVALUATIONS

Where impact was quantifiable, the projects that were analyzed yield an overall Fiscal Benefit to Cost ratio of 1:0.92. This means that for each dollar of New York State government subsidy, such as tax exemptions or abatements on sales, property and interest income, there was a return to the tax base of \$0.92.

Project Name	Benefit	Cost

Please note the following:

Benefit Cost Evaluations are used in evaluating projects that are categorized as Business Investment, Infrastructure Investment, and Economic Growth Investment and that involve 1) job retention and/or creation and/or 2) construction-related activity. Unlike typical ESD Business Investment projects, which involve direct job creation and retention, Infrastructure Investment (e.g. the development or expansion of basic systems and facilities, including transportation, water and sewer, communication, energy generation and distribution, and parking facilities) and Economic Growth Investment (e.g. projects that foster economic growth through cultural activity, higher education activity, regional revolving loan and grant programs, other local or regional initiatives, agribusiness initiatives, marketing activities, training or education programs, or technical assistance) may not involve permanent job commitments. Such projects generate long-term benefits not captured in the period of analysis. This is reflected in the Benefit Cost Evaluations as compared to benchmarks developed for Infrastructure Investment and Economic Growth Investment projects.

• For funding awards under \$100,000, only the total benefit is provided rather than a full evaluation.

#### Project Summary Benefit-Cost Evaluation<sup>1</sup>

#### Village of Middleburgh – Business Investment

Benefit-Costs Evaluations are used in evaluating projects that are categorized as Business Investment, Infrastructure Investment, and Economic Growth Investment and that involve 1) job retention and/or creation and/or 2) construction-related activity. For Business Investment projects, benefits reported in the table below typically reflect the impact of both jobs and construction-related activity. For Infrastructure Investment and Economic Growth Investment projects, which generate long-term benefits not captured in the period of analysis and may involve no permanent job commitments, the table typically reflects only construction-related activity. Benchmarks for each type of project are noted in the footnotes.

Initial Jobs: 0 New Jobs: 22			Construction Job Years (Direct): Construction Job Years (Indirect):		36 17
Evaluation	Statistics	Project Results NYS Gov't.	NYS Gov't. Benchmarks <sup>2</sup>	Project Results State & Local Government	State & Local Government Benchmarks

<sup>1</sup> Dollar values are present value calculated over a 7-year period. Separate evaluations are made and reported for New York State government assistance alone and for State and Local government.

<sup>2</sup> The current project evaluation results (both fiscal and economic) are compared to performance measure benchmarks based on results of a sample of ESD non-retail projects. Business Investment project benchmarks are 7.00 (Fiscal) and 75.00 (Economic). Infrastructure Investment (or Economic Growth Investment) project benchmarks are 3.00 (Fiscal) and 30.00 (Economic).

<sup>3</sup> Fiscal cost includes the value of grants, loans and associated default risks, and discretionary subsidies (such as tax exemptions or abatements on sales, property, and interest income).

<sup>4</sup> Fiscal benefits are the loan repayments and tax revenues to New York State and Local governments generated by project activity. This includes estimated taxes on personal incomes from project direct and indirect employment, corporate and business incomes, excise and user taxes, property taxes, and other taxes.

<sup>5</sup> Economic benefits are estimated project benefits measuring fiscal flows to government plus net resident disposable income from project direct and indirect employment net of transfers, without adjusting for individual income earners' opportunity cost of employment.

Flexo Transparent, LLC

Evaluated over a seven-year period, project fiscal benefits to New York State government are expected to be \$1,012,627, which exceed the cost to the State.

CNY Fabrication, LLC

Evaluated over a seven-year period, project fiscal benefits to New York State government are expected to be \$349,989, which exceed the cost to the State.

#### Project Summary Benefit-Cost Evaluation<sup>6</sup>

Econ. Benefits/Total Jobs	\$487,087	\$147,600		
Economic B/C Ratio	6.97	75.00		

<sup>&</sup>lt;sup>46</sup> Dollar values are present value calculated over a 7-year period. Separate evaluations are made and reported for New York State government assistance alone and for State and Local government.

<sup>&</sup>lt;sup>47</sup> The current project evaluation results (both fiscal and economic) are compared to performance measure benchmarks based on results of a sample of ESD non-retail projects. Business Investment project benchmarks are 7.00 (Fiscal) and 75.00 (Economic). Infrastructure Investment (or Economic Growth Investment) project benchmarks are 3.00 (Fiscal) and 30.00 (Economic).

<sup>&</sup>lt;sup>48</sup> Fiscal cost includes the value of grants, loans and associated default risks, and discretionary subsidies (such as tax exemptions or abatements on sales, property, and interest income).

<sup>&</sup>lt;sup>49</sup> Fiscal benefits are the loan repayments and tax revenues to New York State and Local governments generated by project activity. This includes estimated taxes on personal incomes from project direct and indirect employment, corporate and business incomes, excise and user taxes, property taxes, and other taxes.

<sup>&</sup>lt;sup>50</sup> Economic benefits are estimated project benefits measuring fiscal flows to government plus net resident disposable income from project direct and indirect employment net of transfers, without adjusting for individual income earners' opportunity cost of employment.

Common Roots Brewing Company

Evaluated over a seven-year period, project fiscal benefits to New York State government are expected to be \$220,281, which exceed the cost to the State.

Framerica Corp.

Evaluated over a seven-year period, project fiscal benefits to New York State government are expected to be \$147,733, which exceed the cost to the State.

Hopshire Brewery LLC

Evaluated over a seven-year period, project fiscal benefits to New York State government are expected to be \$177,216, which exceed the cost to the State.
