Job Posting: 10/21/2021

**Application Deadline: 30 days or
until position is filled**

JOB TITLE: IT, Sr. Project Manager

LOCATION: NYC or Albany

DEPT: IT

BASIC FUNCTION:

Conduct overall management of IT related projects, define project scope, gather business requirements, define project deliverables, create and manage project documentation, create and manage project timelines. Plan project activities, map tasks to team members, manage project risk and track the project over the entire lifecycle utilizing leading project management tools. Assist with ESD Disaster recovery efforts and provide technical assistance in any other area of IT as directed by department managers.

WORK PERFORMED:

- Analyze business requirements and develop project plans that utilize available application development technologies to improve organizational business functions
- Assist with setting project goals, determining feasibility and developing plans, timelines and budget estimates to meet those goals
- Coordinate activities of project team members, develop schedules and define and track individual responsibilities
- Conduct risk assessment for projects and develop a plan for managing those risks
- Provide project analysis and status reports as required by ESD Management
- Liaise with other project managers, end users and 3rd party vendors in support of project goals
- Recommend IT strategies to deliver projects on schedule and within budget
- Manage project resources to ensure availability and proper allocation
- Organize and conduct regular meetings to discuss project progress and potential roadblocks
- Measure project performance using appropriate tools and techniques
- Manage changes to project scope, schedule and costs
- Create and maintain extensive project documentation
- Ensure the project is managed within the guidelines set by IT policies
- Assist with IT Disaster Recovery efforts, testing and documentation
- Perform other related duties and / or projects as directed by IT Management

Position expected to work onsite and/or remote consistent with NYS and ESD guidelines and needs.
