Hi bond committee members,

My name is Layla Law-Gisiko. I am the chair of the land use housing and zoning committee of Manhattan Community Board 5. Thank you for the opportunity to submit input.

ESD is considering issuing bonds for an amount not to exceed \$2.6 billion.

The funds will be allocated to among other targets, economic development, housing, environmental.

These descriptions are vague and we would like to understand what specifically will be funded.

Also we would like to know whether any of these funds will be used in conjunction with Penn Station, its reconstruction, its expansion, or any other project related to the station and its immediate vicinity.

Thank you for the opportunity to submit questions. We look forward to your response.

Respectfully yours.

Layla Law-Gisiko.

Chair land use housing zoning committee.

Manhattan community board
