I. BACKGROUND

NEW YORK STATE’S OBJECTIVES

In January of 2012, Governor Cuomo pledged a historic $1 billion for the economic redevelopment of the Buffalo/Niagara Region. The people of Buffalo have begun to believe that the region has positive momentum and there is a sense that Buffalo really is rising again. The Governor’s commitment has made clear that New York State is committed to the future of Buffalo and he has given Buffalo a once in a lifetime chance to take advantage of this public and visible commitment to move the region forward in an unprecedented manner.

As a result of this commitment the community has come together and gone to work to develop a plan for how Western New York can best use the Governor’s investment to stimulate private investment, create jobs, and accelerate growth. The Governor asked the Western New York Regional Economic Development Council to work with Empire State Development to lead the development and implementation of the Buffalo Billion Investment Strategy. Empire State Development then engaged several metropolitan development experts to forge the Buffalo Billion Investment Strategy.

Buffalo has some world-class assets that will position it to compete for opportunities in the new economy. Some of these assets include a platform for tourism in the beauty of Niagara Falls and the exceptional architecture of the city of Buffalo; strength in high-growth advanced manufacturing subsectors such as materials processing and chemicals; concentration in life sciences, with opportunities to further commercialize cutting-edge research; access to land that is ripe for development; supportive infrastructure; and a pervasive civic pride entailing a sense of ownership, belonging, and optimism in residents that other cities would be lucky to have.

Hundreds of community stakeholders participated in developing the Regional Council’s plan for the “Buffalo Billion”. Through working sessions, conferences, one-on-one interviews, surveys, and focus groups, leaders of both large and small businesses, universities and colleges, community foundations and nonprofits, and both regional and municipal governments have contributed to the plan. The plan is simple: the region will draw upon the collective capacity of the public, private, and nonprofit sectors to make better use of Buffalo's world class assets; elevate Buffalo's relative areas of strength with investment in workforce and innovation that could transform their ability to compete; and create opportunities for new ideas and sectors to be born and to flourish in an environment designed for business development.

But Buffalo has more than just a plan. It includes several specific signature initiatives requiring immediate implementation. An implementation structure and governance approach is defined, which will ensure effective implementation of the Buffalo Billion Investment Strategy which includes stakeholder engagement and commitment and, perhaps, most importantly, the community momentum to make these first initiatives a reality.

The Buffalo Billion’s signature initiatives include:

- Buffalo High-Tech Manufacturing Innovation Hub: a state-of-the-art anchor hub facility for high tech and green energy businesses at RiverBend in the City of Buffalo, formerly Republic Steel. The facility will be complete in late 2016 will house SolarCity Corporation,
the nation’s largest solar provider. It is expected that the project will result in $5 billion in private investment in the State and create approximately 3,000 jobs.

- **Buffalo Niagara Tourism Program**: a regional tourism program to leverage the world-class tourism assets in Niagara Falls and the City of Buffalo through a more coordinated and sophisticated marketing strategy; investments and increased programming in the Niagara State Park; investments in other regional tourism assets and amenities; and the creation of regional offerings.

- **Buffalo Breakthrough Business Challenge**: a world-class business plan competition spearheaded by 43 North, Inc. to catalyze the region’s entrepreneurial ecosystem. Winners will receive initial funding, incubator space, mentorship and introductions to leading venture capital firms.

- **Better Buffalo Fund**: to make targeted investments through a dedicated fund to support high impact economic and community development projects. A competition will determine the best investments, based on overall strategic fit, impact, proven capacity for execution and commitment of additional funds.

Implementation of the Buffalo Billion plan is well underway. In 2013, ESD began working with a contracted “Delivery Unit” to support the implementation of the Buffalo Billion Investment Plan. VII. MWBE AND SDVOB REQUIREMENTS

CONTRACTOR REQUIREMENTS AND PROCEDURES FOR BUSINESS PARTICIPATION OPPORTUNITIES FOR NEW YORK STATE CERTIFIED MINORITY- AND WOMEN-OWNED BUSINESS ENTERPRISES AND EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITY GROUP MEMBERS AND WOMEN

NEW YORK STATE LAW

Pursuant to New York State Executive Law Article 15-A and 5 NYCRR §§140-145 ESD recognizes its obligation under the law to promote opportunities for maximum feasible participation of certified Minority-and Women-owned Business Enterprises and the employment of minority group members and women in the performance of ESD’s contracts.

In 2006, the State of New York commissioned a disparity study to evaluate whether minority and women-owned business enterprises had a full and fair opportunity to participate in state contracting. The findings of the study were published on April 29, 2010, under the title "The State of Minority and Women-Owned Business Enterprises: Evidence from New York" (“Disparity Study”). The report found evidence of statistically significant disparities between the level of participation of minority-and women-owned business enterprises in state procurement contracting versus the number of minority-and women-owned business enterprises that were ready, willing and able to participate in state procurements. As a result of these findings, the Disparity Study made recommendations concerning the implementation and operation of the statewide certified minority- and women-owned business enterprises program. The recommendations from the Disparity Study culminated in the enactment and the implementation of New York State Executive Law Article 15-A, which requires, among other things, that ESD establishes goals for maximum feasible participation of New York State Certified Minority and Women-owned Business Enterprises (“MWBE”) and the employment of minority groups members and women in the performance of New York State contracts.

Business Participation Opportunities for MWBEs

For purposes of this solicitation, ESD hereby establishes an overall goal of 30% for NYS certified MWBE participation, based on the current availability of qualified MBEs and WBEs. A contractor (“Contractor”) on the subject contract (“Contract”) must document its good faith efforts to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of the Contract and the Contractor agrees that ESD may withhold payment pending receipt of the required MWBE documentation. The directory of MWBEs can be viewed at: https://ny.newnycontracts.com. For guidance on how ESD will determine a Contractor’s “good faith efforts,” refer to 5 NYCRR §142.8.

In accordance with 5 NYCRR §142.13, the Contractor acknowledges that if it is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth in the Contract, such finding constitutes a breach of Contract and ESD may withhold payment from the Contractor as liquidated damages.

Such liquidated damages shall be calculated as an amount equaling the difference between: (1) all sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals;
and (2) all sums actually paid to MWBEs for work performed or materials supplied under the Contract.

By submitting a bid or proposal, a bidder on the Contract (“Bidder”) agrees to demonstrate its good faith efforts to achieve its goals for the utilization of MWBEs by submitting evidence thereof through the New York State Contract System (“NYSCS”), which can be viewed at https://ny.newnycontracts.com, provided, however, that a Bidder may arrange to provide such evidence via a non-electronic method by contacting ESD’s Office of Contractor and Supplier Diversity (OCSD) at OCSD@ESD.NY.GOV. Please note that the NYSCS is a one stop solution for all of your MWBE and Article 15-A contract requirements. For additional information on the use of the NYSCS to meet Bidder’s MWBE requirements please see the attached MWBE guidance, “Your MWBE Utilization and Reporting Responsibilities Under Article 15-A.”

Additionally, a Bidder will be required to submit the following documents and information as evidence of compliance with the foregoing:

A. An MWBE Utilization Plan (Form OCSD-4) with their bid or proposal. Any modifications or changes to the MWBE Utilization Plan after the Contract award and during the term of the Contract must be reported on a revised MWBE Utilization Plan and submitted to ESD.

ESD will review the submitted MWBE Utilization Plan and advise the Bidder of ESD’s acceptance or issue a notice of deficiency within 30 days of receipt.

B. If a notice of deficiency is issued, the Bidder will be required to respond to the notice of deficiency within seven (7) business days of receipt by submitting to ESD, a written remedy in response to the notice of deficiency. If the written remedy that is submitted is not timely or is found by ESD to be inadequate, ESD shall notify the Bidder and direct the Bidder to submit, within five (5) business days, a request for a partial or total waiver of MWBE participation goals. Failure to file the waiver form in a timely manner may be grounds for disqualification of the bid or proposal.

ESD may disqualify a Bidder as being non-responsive under the following circumstances:
   a) If a Bidder fails to submit a MWBE Utilization Plan;
   b) If a Bidder fails to submit a written remedy to a notice of deficiency;
   c) If a Bidder fails to submit a request for waiver; or
   d) If ESD determines that the Bidder has failed to document good faith efforts.

The Contractor will be required to attempt to utilize, in good faith, any MBE or WBE identified within its MWBE Utilization Plan, during the performance of the Contract. Requests for a partial or total waiver of established goal requirements made subsequent to Contract Award may be made at any time during the term of the Contract to ESD, but must be made no later than prior to the submission of a request for final payment on the Contract.

The Contractor will be required to submit a Contractor’s Quarterly M/WBE Contractor Compliance & Payment Report (Form OCSD-6) to ESD, by the 10th day following each end of quarter over the term of the Contract documenting the progress made toward achievement of the MWBE goals of the Contract.
Equal Employment Opportunity Requirements

By submission of a bid or proposal in response to this solicitation, the Bidder/Contractor agrees with all of the terms and conditions of Schedule A – Conditions Applicable to Corporation’s Agreements for Materials/Services including Section 4.5. The Contractor is required to ensure that it and any subcontractors awarded a subcontract over $25,000 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work"), except where the Work is for the beneficial use of the Contractor, undertake or continue programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, equal opportunity shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, and rates of pay or other forms of compensation. This requirement does not apply to: (i) work, goods, or services unrelated to the Contract; or (ii) employment outside New York State.

The Bidder will be required to submit a Minority and Women-Owned Business Enterprises and Equal Employment Opportunity Policy Statement, Form OCSD-1, to ESD with their bid or proposal.

To ensure compliance with this Section, the Bidder will be required to submit with the bid or proposal an Equal Employment Opportunity Staffing Plan (Form OCSD-2) identifying the anticipated work force to be utilized on the Contract. If awarded a Contract, Bidder shall submit a Workforce Utilization Report and shall require each of its Subcontractors to submit a Workforce Utilization Report (Form OCSD-3), in such format as shall be required by ESD on a quarterly basis during the term of the contract.

Further, pursuant to Article 15 of the Executive Law (the “Human Rights Law”), all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor and subcontractors will not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

Please Note: Failure to comply with the foregoing requirements may result in a finding of non-responsiveness, non-responsibility and/or a breach of the Contract, leading to the withholding of funds, suspension or termination of the Contract or such other actions or enforcement proceedings as allowed by the Contract.

1. State Finance Law Sections 139-j and 139-k forms

State Finance Law Sections 139-j and 139-k (collectively, the “Procurement Requirements”) apply to this RFP. These Procurement Requirements: (1) govern permissible communications between potential respondents and ESD or other involved governmental entities with respect to this RFP; (2) provide for increased disclosure in the public procurement process through identification of persons or organizations whose function is to influence procurement contracts, public works agreements and real property transactions; and (3) establish sanctions for knowing and willful violations of the provisions of the Procurement Requirements, including disqualification from eligibility for an award of any contract pursuant to this RFP. Compliance with the Procurement Requirements requires that all communications regarding this RFP, from the time of its issuance through final award and execution of any resulting contract (the “Restricted Period”), be conducted only with the designated contact persons listed below; the completion by Respondents of the Offerer Disclosure of Prior Non-Responsibility Determinations, and the Offerer’s Affirmation of Understanding and Agreement pursuant to State Finance Law (each form is accessible at the Required Forms for Vendors link at the ESDC web site under “RFPs/RFQs”); and periodic updating of such forms during the term of any contract resulting from this RFP.

Respondents must submit the Offerer Disclosure of Prior Non-Responsibility Determinations, and the Offerer’s Affirmation of Understanding and Agreement pursuant to State Finance Law as part of their submittal. Copies of these forms are available at:

http://www.empire.state.ny.us/CorporateInformation/Data/RFPs/RequiredForms/SF_Law139_JK.pdf.

The Procurement Requirements also require ESD staff to obtain and report certain information when contacted by prospective respondents during the Restricted Period, make a determination of the responsibility of Respondents and make all such information publicly available in accordance with applicable law. If a prospective respondent is found to have knowingly and willfully violated the State Finance Law provisions, that prospective respondent and its subsidiaries, related or successor entities will be determined to be a non-responsible Respondent and will not be awarded any contract issued pursuant to this solicitation. In addition, two such findings of non-responsibility within a four-year period can result in debarment from obtaining any New York State governmental procurement contract. The designated contact account for this solicitation is Stephen Gawlik at stephen.gawlik@esd.ny.gov.

This is not a complete presentation of the provisions of the Procurement Requirements. A copy of State Finance Law Sections 139-j and 139-k can be found at:
All potential Respondents are solely responsible for full compliance with the Procurement Requirements. Both the prime consultant and any sub-consultants complete the forms required above.

2. **Vendor Responsibility Questionnaire**

   All Respondents to this RFP must be “responsible,” which in this context means that they must have the requisite financial ability, organizational capacity and legal authority to carry out its obligations under this RFP, and in addition must demonstrate that both the Respondent and its principals have and will maintain the level of integrity needed to contract with New York State entities such as ESD. Further, the Respondent must show satisfactory performance of all prior government contracts. Accordingly, the contract to be entered into between ESD and the Respondent, if any, shall include clauses providing that the Respondent remain “responsible” throughout the term of the contract, that ESD may suspend the contract if information is discovered that calls into question the responsibility of the contracting party, and that ESD may terminate the contract based on a determination that the contracting party is non-responsible. On request, model language to this effect will be provided to any Respondent to this RFP.

To assist in the determination of responsibility, ESD requires that all respondents to this RFP register in the State's Vendor Responsibility System (“Vend-Rep System”). The Vend-Rep System allows business entities to enter and maintain their Vendor Responsibility Questionnaire information in a secure, centralized database. New York State Procurement Law requires that state agencies award contracts only to responsible vendors. Respondents are to file the required Vendor Responsibility Questionnaire online via the Vend-Rep System or may choose to complete and submit a paper questionnaire. Please include a copy of your Vend-Rep submission receipt or paper questionnaire with your proposal.

To enroll in and use the Vend-Rep System, see the System Instructions available at [www.osc.state.ny.us/vendrep](http://www.osc.state.ny.us/vendrep) or go directly to the Vend-Rep system online at [https://portal.osc.state.ny.us](https://portal.osc.state.ny.us). For direct Vend-Rep System user assistance, the Office of the State Comptroller’s Help Desk may be reached at 866-370-4672 or 518-408-4672 or by email at [helpdesk@osc.state.ny.us](mailto:helpdesk@osc.state.ny.us).

Respondents opting to file a paper questionnaire can obtain the appropriate questionnaire from the Vend-Rep website ([http://www.osc.state.ny.us/vendrep/forms_vendor.htm](http://www.osc.state.ny.us/vendrep/forms_vendor.htm)) and execute accordingly pertaining to the company’s trade industry. Per the website, respondents are to “Select the questionnaire which best matches the business type (either For-Profit or Not-For-Profit) and business activity (Construction or Other).”

3. **Iran Divestment Act**

Every Proposal made to ESD pursuant to a competitive solicitation must contain the following statement, signed by the Respondent on company letterhead and affirmed as true under penalty of perjury:

"By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each bidder is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the State Finance Law."
The list in question is maintained by the Office of General Services. For further information and to view this list please go to: http://www.ogs.ny.gov/about/regs/ida.asp

4. **Encouraging the Use of NYS Businesses in Contract Performance Form**
New York State businesses have a substantial presence in State contracts and strongly contribute to the economies of the state and the nation. In recognition of their economic activity and leadership in doing business in New York State, bidders/proposers for this ESD contract for commodities, services or technology are strongly encouraged and expected to consider New York State businesses in the fulfillment of the requirements of the contract. In order for ESD to assess the use of New York State businesses in each Proposal, ESD requests that each Respondent complete the Encouraging Use of New York State Businesses in Contract Performance form, accessible here: http://esd.ny.gov/CorporateInformation/Data/ENCOURAGINGUSEOFNEWYORKSTATEBUSINESSESINCONTRACTPERFORMANCE.pdf.

5. **Certification under State Tax Law Section 5-a**
Any contract resulting from this solicitation is also subject to the requirements of State Tax Law Section 5-a (“STL 5-a”). STL 5-a prohibits ESD from approving any such contract with any entity if that entity or any of its affiliates, subcontractors or affiliates of any subcontractor makes sales within New York State of tangible personal property or taxable services having a value over $300,000 and is not registered for sales and compensating use tax purposes. To comply with STL 5-a, all Respondents to this solicitation must include in their Proposals a properly completed Form ST-220-CA (http://www.tax.ny.gov/pdf/current_forms/st/st220ca_fill_in.pdf), or an affidavit (http://esd.ny.gov/CorporateInformation/Data/RFPs/RequiredForms/STL_5A_Affidavit.pdf) that the Respondent is not required to be registered with the State Department of Taxation and Finance. Also in accordance with the requirements of STL 5-a, any contract resulting from this solicitation will require periodic updating of the certifications contained in Form ST-220-CA. Solicitation responses that do not include a properly completed ST-220-CA will be considered incomplete and non-responsive and will not be considered for contract award. Only the prime consultant completes Form ST 220-CA, but Schedule A to Form ST 220-CA requires detailed information from the sub-consultants, such as tax ID number, etc., if applicable. Moreover, if applicable, certificates of authority must be attached by the prime consultant and all the sub-consultants.

6. **Project Sunlight**
This procurement is subject to the Public Integrity Reform Act of 2011. Under the Public Integrity Reform Act of 2011, “appearances” (broadly defined and including any substantive interaction that is meant to have an impact on the decision-making process of a state entity) before a public benefit corporation such as ESD by a person (also broadly defined) for the purposes of procuring a state contract for real property (as contemplated in this RFP) must be reported by ESD to a database maintained by the State Office of General Services that is available to members of the public. If in doubt as to the applicability of Project Sunlight, Respondents and their advisors should consult the Laws of 2011, Ch. 399 for guidance.

7. **Office of State Comptroller Review**
This contract may be subject to review and approval by the Office of the State Comptroller (“OSC”) pursuant to Public Authorities Law section 2879-a and the regulations issued thereunder. Such OSC review and approval may be required of contracts with a value in excess of one million
dollars, or modifications to contracts that result in an aggregate value in excess of one million
dollars, where such contracts are paid in whole or in part with monies appropriated by the State, or
were awarded on a basis other than a competitive procurement (as that term is defined in the law
and regulations). If this contract is subject to OSC review and approval, then the contract shall not
be valid and enforceable, nor shall ESD have any liability of any kind arising from or in connection
with this contract, unless and until OSC approval has been received.
